Description of Work:

Amendment 006 - This amendment simultaneously decreases the TDD funding by \$1,052,556 from DCN 156ARSC017-001, and increases it by \$1,052,556 from DCN 156ARVC025-001. This funding change is administrative in nature; the TDD ceiling and SOW remain unchanged.

Amendment 005 - This amendment makes no changes to the TDD. Amendment 006 was initiated and approved before amendment 005 was approved, so amendment 005 is being completed with no changes just to close it out.

Amendment 004 - Increase the funding ceiling by \$585,000 (for a new ceiling of \$2,585,000) to allow work to continue.

Amendment 003 - Increase the TDD ceiling by \$500,000 (for a new ceiling of \$2,000,000) to allow work to continue.

Amendment 002 - Increase the funding ceiling by \$1,100,000 to continue sampling in support of the response to the release of mine waste water from the Gold Kill Mine near Silverton, CO.

Amendment 001 - Increase the TDD ceiling by \$200,000 (for a new ceiling of \$400,000).

Base ORIG - Perform sampling in support of the response to the release of mine waste water from the Gold Kill Mine near Silverton, CO. Initial tasking for 200,000 however additional funds will be required quickly.
